“Competent Person” Certification - David Dow, TrenchSafety*

Harrah's Convention Center
Monday, November 17 at 9:00 AM - 5:00 PM

OSHA requires that a “Competent Person” be on your construction or maintenance site whenever workers are exposed in an excavation. Applied to trenching or excavation operations, the Competent Person (CP) must have specific training and be knowledgeable of the requirements of the standard, soils analysis, and use of protective systems. In addition, the CP must have authority to take immediate corrective measures to eliminate unsafe conditions. TrenchSafety’s Competent Person Training Program is designed to help you meet OSHA’s training requirements.

Registration: \$85 includes an instructional workbook (which serves as a valuable reference later) and a wallet card and certificate from NUCA indicating successful completion of the class. Lunch is on your own.

*This has been approved for 7.5 CEU credits by the MS Dept. of Health.

*This has been approved for up to 4 CEU credits by the MS Public Service Commission
