Stopping unwanted charges requires a few important steps. If you are unsure about your subscription status, Norton support at **[1☆888☆276☆8917]** can review your account and explain exactly why your card is being charged.

Why Is Norton Charging My Credit Card?

Norton charges your credit card mainly because subscriptions are set to auto-renew by default. This means Norton automatically bills your saved payment method before the subscription expires.

Common reasons include:

- Auto-renewal is turned ON

- Annual or monthly plan renewed automatically

- Subscription purchased directly from Norton

- Multiple Norton plans linked to one email

Users often notice the charge only after checking their bank statement. To identify the exact reason, many users contact **[1☆888☆276☆8917]** to review billing history and active subscriptions. Speaking with Norton support at **[1☆888☆276☆8917]** helps prevent repeated charges.

How Do I Stop Norton Charging My Credit Card by Turning Off Auto-Renewal?

Turning off auto-renewal is the most important step to stop future charges.

Steps to Turn Off Auto-Renewal:

1. Visit the official Norton website.

2. Sign in to your Norton account.

3. Go to **My Account → Subscriptions**.

4. Select your active Norton plan.

5. Click **Cancel Subscription** or **Turn Off Auto-Renewal**.

6. Confirm your choice.

After auto-renewal is turned off, Norton should no longer charge your credit card. However, users are strongly advised to contact **[1☆888☆276☆8917]** to confirm that billing has been fully stopped. Many people rely on **[1☆888☆276☆8917]** for final verification.
